Questions:

- Question regarding need to keep school athletics within learning groups, when kids are doing after-school sports with others? For the moment, school-sponsored sports need to stay within the learning groups.
- What is notification process in the even that someone comes to school with covid? – island health would be involved right away. They would do contact tracing. They take over, and will guide the school, depending on the individual case.
- Question about set up for emergency supplies for Lansdowne South? Not yet fully in place, but there is something there, but need keys to get into the bin. Will regroup in a couple of weeks around this.
- What might Halloween look like? Costumes fine, within learning groups. Things will be different for sure, especially around food.
- Sports waiting til Spring? Not all together...some, such as cross country, may be a good fit for now. LIMPSA , the governing body of schools, sets the rules and guidelines on school sports.
- Non sport clubs may be coming back too...working on how to safely restart.

- Hybrid: 6/7, and 7/8 – maintains 6s at South, and 7/8s at North
- Enrollment down approx.. 24 from expected. Room for more! Many classes are at floor, or close to it.
- Band questions: looking at how to share out music; Zoom concert? Tricky as kids need to be physically separated.
- Staffing: Mr. Rawson at Lansdowne, and at Vic High.
- Marketa to be VCPAC Rep. Chelsea/Nici “ *Motion to have Marketa as VCPAC rep*” (Chelsea/Nici). *Passed.*
- Marketa to meet with Angela and go forward with investigating state of emergency containers, and prepare a report.

Adjourned: approx. 8pm
